July 31 (Thurs)	Bridge Session	Paul psmart@metrol.co.uk 07710463595	Canoe/Kayak/SUP

There will be more Dee trips arranged ad hoc when there is enough water, these will be advertised on the club Facebook page.

For the Thursday bridge sessions we will be using the application 'Spond' to book slots and send invites, but you can also contact the leader directly. The bridge sessions may become short trips if there is enough water. Thursday sessions can build up the skills for a length of the Dee trip in autumn.

The dam releases assure that there is enough water, the leaders can advise on the nature of the trips.

During this period there may be a canal paddle from Glasgow to Edinburgh, the dates will be arranged to suit those interested to paddle.
